

Imagine a ship crewed by doctors, nurses, water engineers and agriculturalists visiting some of the world's poorest countries. Now imagine their life-changing services offered free of charge...

Mercy Ships provides free surgery and medical care, and partners with local communities to improve health care, offering training and advice, materials and hands-on assistance.

Dedicated volunteers from around the world are bringing hope and healing to thousands of people who could never have believed it possible.

Tony and Ann Giles

Tony is a surgeon operating on maxillo-facial, cleft lip and facial tumour cases. Tony and Ann have recently been working in Guinea, screening cases for surgery and training local staff .

They travel into remote parts of the country, bringing hope and the gospel to people who would not normally be reached .

Ann is a trained nurse and works to assist the operating team or with palliative care or non-operable cases.
